San Clemente, Ca 92673
949-278-3444

This letter is to express my interest in the open position with your company.

I have over 13 years of experience in web design and development including: layout, design Photoshop CS/CC, **HTML** /5, **CSS** /3, PHP, DHTML, JavaScript, jQuery, **MOBILE and RESPONSIVE WEB** design/development, and **WordPress**. I've done it all: embedding audio and streaming video, affiliate programs, Google web tools, newsletters, social media and more.

I enjoy solving **cross-browser compatibility** issues, and general web design problem solving. If it is designed, I can code it. If it needs to be designed and coded, ditto. **PSD to HTML** is a walk in the park for me. I know what can be done, and what can't be done is just another challenge for me to take on!

Thank you for your time and consideration. I can be reached via text/cell at **949-278-3444** or email: brian@rodsteel.com.   I am very much looking forward to hearing from you.

Thank you for your time,

Brian Anthony Teti
